

### Capture, Move and Manage Data in Real Time for Real Business Value

The MC3000 from Symbol Technologies is a lightweight, rugged mobile computer ideal for scan-intensive environments that require high-quality data capture throughout the enterprise. Its superior ergonomic design and flexible configurations facilitate faster decision making and increased workforce satisfaction inside the retail store, on the loading dock or on a delivery route.

### Unprecedented Flexibility, Performance and Power

A variety of feature options, including one-dimensional (1D) laser and 2D image scanning, color or monochrome display, batch or wireless communications, and three different keypad options, allows you to meet your customer, employee and IT needs. And, for added comfort and productivity, the laser scanner configuration is equipped with a rotating scan head with left, right and front positions.

### Reliable Performance in Variable Conditions

The MC3000's rugged design and IP54-rated sealing ensures continued use and uptime by protecting against dust, moisture and extreme temperatures. And, whether working inside or out, the MC3000 has a drop spec of four feet to concrete across vast temperature ranges, reducing equipment and maintenance costs.

### Unlock the Value of Your Information with Microsoft Windows CE

Bringing the next generation of mobile computing to your business, Symbol's MC3000 is built on the Windows® CE operating system. With real-time processing, faster performance, rich multi-media and Web browsing capabilities, your enterprise can become truly mobile with interoperability between personal computers, servers, Web services and devices.

### Services for Seamless Deployment

Symbol Enterprise Mobility Services go beyond mobile devices and wireless connectivity to ensure that every aspect of your mobility solution works seamlessly and at maximum efficiency.

For more information, contact us at +1.800.722.6234 or +1.631.738.2400, or visit us on the web at [www.symbol.com/mc3000](http://www.symbol.com/mc3000).

#### FEATURES

Light, ergonomic design

Adjustable scan head with left, right and front positions

320 x 320 resolution color/mono display (with backlight)

Wireless 802.11b/g LAN connectivity

Rugged design

IP54-rated sealing

Intel XScale PXA270 processor and Microsoft Windows CE operating system

Keyboard options include 28, 38 and 48 keys

Device management with Mobility Services Platform (MSP)

#### BENEFITS

Reduces user fatigue for higher productivity in scan-intensive applications

User can adjust the scanning positions for maximum comfort and productivity

30% higher resolution than 1/4 VGA allows easy viewing in many environments for increased accuracy

Provides real-time data exchange for maximum productivity

Designed to withstand multiple 4-foot drops (1.2m) to concrete and up to 500 tumbles

Protects against water and dust for reliable performance in rough environmental conditions

Delivers high-speed CPU performance through familiar interfaces with wide software application support

Provides multiple data-entry modes for maximum efficiency

Enables real-time monitoring of critical mobile computer and wireless infrastructure parameters
